

## Writing Task Card C (\_\_\_\_\_)

Objective: I can critically examine a prompt to determine what it is asking so I can form a meaningful response.

1. With a partner, read the three given writing prompts for 3 minutes.
2. Use the questions provided to help you and your partner better understand what the prompts are asking for 5 minutes.
3. By yourself, select one prompt and answer it, using skills that you learned from the "Strong Writing Model" for 10 minutes.
4. Use the last two minutes to read what your partner wrote and tell them one strength, and one revision you would make.
